Disposal

The Center has disposed of 129 cubic feet of Janis material, which brings the total holdings in the disposal area to 224 cubic feet.

General

The Office of Basic Intelligence producers of the National Intelligence Survey are now deleting the volume and volume numbers on NIS Binders. The 129 cubic feet of binders, which have been separated from the published survey, are being sent to GPO for this process. This project is approximately 50 per-cent complete.
